

INTERNSHIP REPORT

Two-Week Artificial Intelligence Internship

Name: Aryan Kumar
Institution: IILM University

Organization: InAmigos Foundation
Duration: Aug 25, 2026 – Sept 7, 2026

1. CANDIDATE'S DECLARATION

I hereby declare that this internship report entitled "**Two-Week Artificial Intelligence Internship**" is an authentic record of my own work carried out at **InAmigos Foundation** under supervision from August 25, 2026, to September 7, 2026.

Aryan Kumar
Department of Computer Science & Engineering
IILM University

2. ACKNOWLEDGEMENT

I would like to express my sincere gratitude to **InAmigos Foundation** for providing me with the opportunity to undertake this practical internship in Artificial Intelligence. Special thanks to my mentors for their continuous guidance, support, and feedback throughout the mini-missions and project deliverables.

3. PROJECT DESCRIPTION & OBJECTIVES

The primary objective of this two-week internship was to gain hands-on experience in modern AI tool discovery, prompt engineering, task automation, and social impact content design. Key focus areas included:

- Utilizing cutting-edge generative AI models (Claude, Canva AI, Python scripting).
- Tackling real-world problem-solving challenges and automating repetitive tasks.
- Designing social media campaigns and marketing content for community causes.

4. MAJOR TASKS & DAILY MINI-MISSIONS

Timeline	Task / Objective	Tools Used	Outcome / Key Deliverables
Day 1–3	AI Tool Exploration & Prompt Engineering	Claude, ChatGPT	Mastered prompt structuring and complex reasoning workflows.

Timeline	Task / Objective	Tools Used	Outcome / Key Deliverables
Day 4–6	Problem Solving & Automation	Python, AI APIs	Built scripts to automate routine data processing and task scheduling.
Day 7–10	Social Impact Campaign	Canva AI, Visual AI	Designed visual collateral and social media assets for non-profit outreach.
Day 11–14	Final Synthesis & Documentation	Documentation Tools	Compiled project analytics, documentation, and final report.

5. CERTIFICATE OF COMPLETION DETAILS

Organization: InAmigos Foundation Verified

Internship Track: Artificial Intelligence Applications

Participant: Aryan Kumar

Status: Successfully Completed (August 25 – September 7, 2026)

6. REFERENCES & TOOLS USED

- **Python / Open-Source Libraries:** Data automation and script execution.
- **Claude / OpenAI API:** Prompt optimization and workflow generation.
- **Canva AI:** Design automation and visual content creation.
